

Richards joins Watersong team in Viera

Watersong in Viera, one of the newest all-inclusive, luxury retirement communities by Senior Living Communities, has hired Sandy Richards to handle marketing and sales for independent residences. Richards will assist with the sales activities of Watersong and provide day-to-day administrative support to the sales and marketing office, including cultivating prospects and referral sources, completing database entries, conducting tours, preparing home-purchase orders and options lists, and assisting resident move-ins. Before joining the Watersong team, Richards worked as a community representative and property manager for Palm Bay Developers in Palm Bay. She also was a property manager for Mid-America Apartment Communities in Warner Robins, Ga., and a property manager and a leasing agent for Progressive Management, also in Warner Robins. For more information on Watersong, visit www.water-song.com.
